

WHAT IS A CHAPLAINCY SERVICE?

A Chaplaincy Service is provided by a Pastoral Care Worker (PCW) in a school community on behalf of the local combined Christian community to provide additional support as needed.

Pastoral Care Workers

- Provide pastoral care in a 'first response' capacity to critical incidents, refer to specialist support and to provide ongoing presence and follow-up
- Work closely and in partnership with leadership and other wellbeing staff in schools to provide pastoral care and practical support to students, families and staff as requested
- Are well positioned to work across the whole school to 'build a sense of' community, harmony and cohesion
- Are trained and equipped to provide their school with a unique dimension of social, emotional and spiritual support in line with the DECD wellbeing framework

Partnerships

Your local school and your local church work together to provide your Pastoral Care Worker.

PASTORAL CARE WORKER: JOEY TRAEGER

As the School Pastoral Care Worker, I am available in the yard at break times, I work alongside teachers and students in the classroom, and I am an extra resource to teachers to support extra-curricular events and activities. I also provide a Christian presence in the school on behalf of the local churches.

Outside of work I enjoy spending time with my family and friends, playing board games and being a little bit crafty. I also volunteer on youth camps during the school holidays, and I help out at the discos that my church holds for local primary school students. I am passionate about helping people, particularly children, and I'm so delighted to have the opportunity to serve this school community.

I am excited to get to know the entire school community, so if you see me around the school please come and introduce yourself.

My regular days at school are:

Monday and Tuesday

CHAPLAINCY & WELLBEING

Chaplaincy Services promote student wellbeing, engaging young people in activities that are preventative and which support early intervention and referral of mental health issues.

PRINCIPALS ARE SAYING...

The benefits of the program are clear and include; increased attendance at school by identified students, social and emotional support, increased access to social skills programs and families feeling supported in time of crisis such as suicide, death and family separations.

Primary School Principal

A lot of student problems never eventuate because Trev has provided support and encouragement early on. The students always walk away from their time with him with more bounce in their step....It is hard to imagine our school without thinking of our Worker.
